

Come and listen to your colleagues speak about their research and teaching interests and exciting projects that they are working on. We are delighted to continue the series that premiered in fall 2012 with our newest faculty members, to provide opportunities for all faculty in our college to share their work.

# Brown Bag Spring 2017

## Research Seminar Series @ 12 p.m.

College of Engineering & Computer Science

# Spring 2017

**Join us in Jacaranda Hall - JD 1568 from 12:00 - 1:00 p.m.**

Lunch will be provided thanks to the generous support of  IEEE  
RSVP to Kathleen Pohl at [kpohl@csun.edu](mailto:kpohl@csun.edu)

**Friday  
March 10**

ASHLEY GENG

Professor, Electrical & Computer Engineering

**Power Scheduling for Electrical Vehicle Loads**

**Monday  
April 3**

BINGBING LI

Assistant Professor, Manufacturing Systems Engineering & Management

**3D Bioprinting of Aneurysm Blood Vessel**

**Thursday  
April 20**

ARAM G. KHACHATOURIANS

Lecturer, Mechanical Engineering

**CSUN's Award Winning Human Powered Vehicle (HPV) and the Key to Our Success**

**Monday  
May 1**

SHADI MAHJOOB

Assistant Professor, Mechanical Engineering

**Cooling of Electronic Devices Utilizing Porous Filled Heat Exchangers**

**Thursday  
May 11**

XIYI HANG

Professor, Electrical & Computer Engineering

**Medical Image Classification Using Deep Learning**
